LESSONS TO BE LEARNED

Use this space to describe some things this activity helped you realize about common financial concepts.

SAVINGS

Why is it important to save money on a regular basis?

Should you save money before or after your other spending? Why?

How much money should a person save each month?

HAVING A SPENDING PLAN (Budget)

What happens with your money when you don't have a spending plan?

What happens when you plan your spending ahead of time?

LIFESTYLE COSTS

What did you realize about the monthly income amount?

How did you feel about the amount of taxes & deductions from the gross income amount?

What categories surprised you with how much was spent?

What things were not included in the simulation that you could do to improve the financial situation?

BEING IN DEBT

How did the debt payments in the simulation affect your overall financial situation?

What was the opportunity cost of the student loan and credit card payments? In other words, what other opportunities could those funds have been used for if they hadn't been needed for debt payments?
